Subject: 210.11-15: Exemptions Under the Competitive Foods Regulation

To: All State Directors

National School Lunch Program (NSLP)

Southeast Regional Office

This is to inform you of recent changes to the list of exemptions under the Competitive Foods Regulation. This rescinds policy memorandum 210.11-13. Three new companies have had their products added to the list of exemptions under the Competitive Foods Regulation. RWI Resources, LLC. has added six flavors of Riptide Sparkling Fortified Water Beverages: Strawberry, Black Cherry, Raspberry, Lemon-Lime, Orange and Wildberry; Izze Beverage Company has added five flavors of 100% Pure Fruit Juice and Sparkling Waters: Sparkling Clementine, Sparkling Grapefruit, Sparkling Blackberry, Sparkling Lemon and Sparkling Pear; and Switch Beverage Company has added four flavors of Carbonated Juice Beverages: Orange Tangerine, Apricot Peach, Orange Mango and Watermelon Strawberry to the list of products exempted from the soda water category of "foods of minimal nutritional value" [7 CFR Part 210 Appendix B (a)(1) and Part 220 Appendix B (1)].

General Mills has added Betty Crocker® Special Edition Strawberry Punch Flavored Fruit Gushers® and Sunkist® Special Edition Mixed Fruit Flavored Snacks to the list of products exempted from the jellies and gums category of "foods of minimal nutritional value" as defined in 7CFR Part 210.11(a)(2) and Part 220.2 (i-1).

The exemption of these products listed above means that they are no longer considered foods of minimal nutritional value and can therefore be sold during the meal period in a school food service area.

This does not mean that these products are approved or endorsed by the Food and Nutrition Service, nor does an exemption indicate that these products have significant nutritional value. In addition, the exemptions should not be perceived as guidance or encouragement to State agencies and school food authorities concerning their possible purchase.

As always, please be aware that several companies with exempted foods produce similar products that are not exempted and are therefore still considered foods of minimal nutritional value. The exemption of one product does not mean that similar products or a family of products are exempted unless specifically stated in an exemption letter and included on the exemption list.

The ingredient statement of each exempted food is included in the enclosed exemption list. This should allow schools to differentiate between exempted products and similar non-exempted products.

If there are any questions on the exemption list or the new additions made to the list, please contact my staff at (404) 562-7050.

LANNA KIRK
Acting Regional Director
Special Nutrition Programs
